

Get up to \$10,000 in government grants & rebates.

As you may know, there have been a number of exciting developments in the energy conservation sector. The Federal government has recently launched its ecoENERGY program which provides grants up to \$5,000. Just last month Premier McGuinty announced that the Ontario government will match Federal grants, allowing homeowners to receive up to a total of \$10,000 for their commitment to energy conservation. The goal of these initiatives is to provide financial support to homeowners so that they can implement energy saving projects that reduce energy-related greenhouse gases (GHGs) and air pollution, thereby contributing to a cleaner environment for all Canadians.

Licensed ecoEnergy Audit from EnWise.

EnWise is now a licensed Delivery Agent for both of these government programs. As of August 7th, 2007, EnWise can guarantee you access to up to \$10,000 in grants & rebates. If you are interested in starting a home energy retrofit project that qualifies for the ecoENERGY program, call us at 1-888-8 BEWISE to arrange for a Licensed EnWise ecoENERGY audit. EnWise is dedicated to improving the comfort, value and quality of your home by leveraging the most energy efficient solutions available to consumers. For more information on the ecoENERGY retrofit rebates visit www.oeenrcan.gc.ca.
